We invite you to join us as we return to Kenya, where we experienced the faith and vitality of Methodists in the highlands north of Mt. Kenya. We will be returning to the village of Njukinjiru, spending time with their congregation, learning about their ministries and offering our own solidarity and support. We will visit Kenya Methodist University (KEMU), which has grown from a small theological school of 25 students in 1987 to over 6000 students on five campuses today, offering bachelors' and masters' degrees in a wide variety of programs. We will also visit other schools and clinics and the Maua Methodist Hospital.

This is not a 5-star tour, by any means, but it is an opportunity to get to know some of the "real" people of Kenya and be involved in what the church is doing there, as well as seeing a little of what brings thousands of tourists to the country each year. We look forward to sharing this experience with you. You can help us by prayerfully considering going and making your reservations as soon as possible.
