

Hi friends,

It seems that this week, we are all having some computer issues. I wasn't able to get my usual Thursday Live Stream to function on Facebook, so I had to just upload a produced video. Our Newsletter production is a bit slowed down this week by computer glitches as well. If you are reading this it means that you have a functioning computer with an internet connection. Rather than try and rewrite the updates and risk them disappearing into the existential internet void, I will just give you a couple links to help you get the updates you need.

Here is the link to my Facebook update about a mask making project for the church and questions you may have about when we will gather together in person...

<https://www.facebook.com/KennewickFirstUMC/videos/156711815780027/>

Also, I wanted to share our Bishop's blog post with you. It seems that she and I have been pondering similar topics in the last week. She is a wonderful minister and leader for our church and I'm happy to share her thoughts with you all. <https://greaternw.org/bishops-covid-19-notice-4-april-23-2020/>

I pray that you are all safe and well and remember... GO WASH YOUR HANDS!

Pastor Mark
