

## Worship Report 2020 Charge Conference

The worship life of the church has been challenging in 2020. Since we had our first lockdown beginning in March just before Easter we have moved to holding virtual services. It has been quite a learning curve since we were not streaming our services prior to the lockdown. We have had to purchase equipment and video software in order to put together good quality livestream and pre-recorded services for each Sunday. There has been an immense amount of coordinating with the sound tech, Pastor Mark, our pianist, and various volunteer musicians to help make our services happen. I am very thankful for all of our staff and volunteers for their willingness to step up and help be the church in the midst of a challenging year.

We have mostly put together pre-recorded services for each Sunday, with a few livestream services, and a few drive-in services before the weather got too cold. We are also working on a special Christmas pageant type of video for one of our services in December and are working to put together a drive-in Christmas Eve service.

Although I know we all miss meeting in person, it is my prayer that people are able to tune in to our weekly services and be encouraged with the Word of God and the music we are able to put together. And I know we are all looking forward to the day we are able to meet in person again.

Respectfully submitted,

Amberley Almarode

Music Director, Kennewick First UMC
